

Working in Partnership

We will visit each site every two weeks from mid-March to mid-October and periodically during the winter months

This is a summary* of our joint approach to providing you with pleasant, safe and people friendly gardens. All our gardening services are dependant on the weather and some areas may produce unique individual challenges and opportunities;

Paths, Drying Areas, bin stores etc;

Collect & dispose of litter and debris. Sweep / blow as required.

Remove weed & moss.

Grass, Shrubs, hedges and trees;

Collect & dispose of litter and debris.

Cut grass removing all debris from site. Trim edges annually.

Prune shrubs and cut hedges periodically.

Carry out minor tree work periodically.

Keep weed in planted areas to a minimum.

Special tasks;

Scheduled tree management & surgery.

Landscaping and planting.

* Summary based on key performance areas in our approved Service Level Agreement

We welcome your feedback so please complete our resident feedback forms available from our gardeners or you can contact Jericho Direct on;
